

13th annual GSC Graduate Student Symposium

Saturday, March 28th
Pearson Hall 104 & 106

Call for papers

- The Tufts Graduate Student Council invites all graduate students to participate in this year's Graduate Student Symposium. This annual event offers an excellent opportunity to present your research to a diverse interdisciplinary audience and to compete before a panel of faculty judges to win a cash prize.
- The symposium is an all day event in which each participant will briefly present (~15 min) his or her research, followed by a short question and answer session. Abstracts are due February 10, 2009 by 11:59 PM. For submission details, updates on this year's event, and information on previous symposiums, visit: ase.tufts.edu/gsc.
