A Little About Us

The completion of our building expansion in 2007 has given us the opportunity to offer more services to meet the needs of the community. The development of our health clinic and the addition of our dental clinic allows us to now provide better preventive health and dental care to the residents of Douglas County and the surrounding area. These advancements have been made in an effort to continue improving the community’s overall health and well-being by working with infants, children, adults and elderly.

**Q&A**

**Who does the clinic serve?**

Citizens of Douglas County & the surrounding areas.

**Does the clinic accept walk-ins?**

Most services require an appointment, which can be made over the phone or at the front desk of our office. This way we can ensure quality care to all our clients.

**What is the cost?**

Please call for the cost of specific services. The dental clinic accepts patients with Medicaid and AllKids with standard rates applied. Patients without insurance, that fall under specific income guidelines, are also served and charged standard Medicaid rates- due at the time of service.
